

ABC TECHNOLOGIES INC. RECOGNIZED BY GENERAL MOTORS AS A 2018 SUPPLIER OF THE YEAR WINNER

ABC Technologies Inc. was named a GM Supplier of the Year by General Motors during its 27th annual Supplier of the Year awards ceremony held Wednesday, May 15 in Detroit.

During the event, GM recognized 133 of its best suppliers from 15 countries that have consistently exceeded GM's expectations, created outstanding value or introduced innovations to the company.

It is an honor that ABC Technologies is one of only a handful of suppliers in the entire automotive industry to win this prestigious award 13 times.

"We hold our suppliers to a high bar," said Steve Kiefer, GM senior vice president, Global Purchasing and Supply Chain. "They went above and beyond to deliver the innovations and quality that will help us earn customers for life."

More than half of the suppliers are repeat winners from 2017.

The Supplier of the Year award winners were chosen by a global team of GM purchasing, engineering, quality, manufacturing and logistics executives. Winners were selected based on performance criteria in Product Purchasing, Global Purchasing and Manufacturing Services, Customer Care and Aftersales, and Logistics.

ABOUT ABC TECHNOLOGIES INC.

A privately-owned Canadian company since 1974, ABC Technologies is one of the world's leading automotive systems and components manufacturers. We cover every facet of the plastics processing technologies, systems and components for the global automotive industry. To our customers this means faster development, increased design flexibility, improved efficiency in manufacturing and assembly, significant cost savings, and enhanced quality and performance. We strive to exceed our customers' expectations and this award is recognition of the hard work and effort of the entire ABC Technologies global team.
