INTRODUCTION

Corporate Identity refers to the all-encompassing image of a company like ABC Technologies. This identity must be maintained and facilitate the vision outlined by the Executive Team. The ABC Technologies logo and brand carries with it over four-decades worth of history. One that exudes a commitment to high quality, has a strong design philosophy, and products that exceed their requirements. In order to support our global organization, we have created these Brand Guidelines.

These Brand Guidelines must be strictly adhered to by any affiliates who request the use of ABC Technologies branding on any materials, such as paper or electronic applications. We must use these guidelines to ensure consistency throughout all the materials that our branding is used in such as (but not limited to) Powerpoint presentations, Excel spread sheets, legal documents, marketing materials, Microsoft Word documents, and any other material linking to the ABC Technologies website.

As ABC Technologies continues to grow, it is everyone's responsibility to ensure the uniformity of our brand and it's encompassing vision. These guidelines are intended to assist in that regard. If you have any questions about the Brand Guidelines, please contact our Marketing Department at ABC Technologies' head office at (416) 742-4037.

Thank you for your continued support.

—The Marketing Department

APPROVED LOGO USAGE

The ABC Technologies brand can take different forms in order to fit within various different medias in both real world and digital environments. Some production may have restrictions or not have colour at all (i.e. tooling, laser cutting, CNC routing, embossing etc.), at which time the one colour logo option would be used. Based on the media size and colour options (also reference colour section), please choose an acceptable version of the ABC Technologies logo that best fits your media. For any custom requests, please contact the Marketing Department.

PRIMARY LOGO USAGE

Vertical Logo with tagline

Horizontal Logo with tagline

SECONDARY LOGO USAGE

Vertical Logo without tagline

Horizontal Logo without tagline

WORDMARK ONLY USAGE

The wordmark can be used as a stand alone (with and without the tagline), yet is tertiary on the hierarchy of desired use of the brand. The use of the primary and secondary version of the brand take precedence over this use.

APPROVED LOGO USAGE

NEGATIVE LOGO USAGE

Applicable to versions both with and without tagline. Used when the logo is placed on a darker background.

ONE COLOUR LOGO USAGE

The one colour logo versions vary in layout the same as the full colour variations would; with and without tagline, vertically and horizontally.

LOGOMARK USAGE

The iconic "A" logomark can be used as a standalone design element when applicable, so long as there is a primary or secondary logomark present elsewhere within the design space.

IMPLEMENTING SUBSIDIARY DIVISIONS, BRANDS OR PLANTS

Please follow the example below when placing additional subsidiary brands with the ABC Technologies brand. The secondary name is written in the Oswald typeface (light), centered on the vertical logo and right aligned on the horizontal logo, with tracking set at 100. **All subsidiary brand application must be first approved by the marketing team before use.** The same guidelines are applied to all subsidiary brands.

Plásticos ABC Spain

Plásticos ABC Spain

Plásticos ABC Spain

IMPROPER LOGO USAGE

Below are a few examples of improper and disapproved use of the ABC Technologies logo. In the event of improper logo usage, the artwork must be revised, reprinted, reproduced or replaced in order to fit within the Corporate Identity Guideline criteria. If you are unsure if your artwork meets brand criteria or require special exemptions, please address any concerns to the Marketing Department.

ABC TECHNOLOGIES
INNOVATION IN PLASTICS & LIGHTWEIGHTING

Changing typefaces or weights.

ABC TECHNOLOGIES
INNOVATION IN PLASTICS & LIGHTWEIGHTING

The use of custom shades of red or custom colours.

ABC TECHNOLOGIES
INNOVATION IN PLASTICS & LIGHTWEIGHTING

Realigning the logomark.

Placing the logo on an angle or upside down.

ABC TECHNOLOGIES
INNOVATION IN PLASTICS & LIGHTWEIGHTING

Removing or adding elements within the logo.

ABC TECHNOLOGIES
INNOVATION IN PLASTICS & LIGHTWEIGHTING

Lack of minimum negative space around the logo.

Adding busy background images behind the logo

ABC TECHNOLOGIES
INNOVATION IN PLASTICS & LIGHTWEIGHTING

Revising spacing between logo elements.

ABC TECHNOLOGIES
INNOVATION IN PLASTICS & LIGHTWEIGHTING

ABC TECHNOLOGIES
INNOVATION IN PLASTICS & LIGHTWEIGHTING

Stretching or skewing the logo.

SPACING & SCALING

The ABC Technologies logo is our most recognizable asset. Along with the logo's notariety, it is also a registered trademark in several jurisdictions. Accordingly, the logo should always be placed in a respectable area with appropriate negative space around it and again, not altered in anyway unless approved by ABC Technologies' Marketing Department. Please reference the diagram for minimum size requirements for the logo within all medias.

Primary Logo (with tagline) minimum spacing

Secondary (Horizontal with tagline) Logo minimum spacing

Smallest acceptable Digital sizes (tagline to be removed)

Smallest acceptable print size (tagline to be removed)

COLOUR USAGE

The use of ABC Technologies brand must adhere to the various colour palette options in print and digital mediums. The full colour logo should be used where possible. If there are colour constraints in any media, please reference the grey scale or one colour version of the brand. When in mediums where the background colour is black, simply change the “**Process Rich Black**” to “**White**” or, only when the medium is white such as various paper stocks, use the media colour.

Grey scale Logo Usage (applicable to all logo iterations)

TYPOGRAPHY

The guidelines to type setting and typographic hierarchies are set to be aesthetically pleasing, easy to read and broad so to be responsive when necessary and acceptable on all forms of media. Within is the hierarchy of type along with a font stack to showcase acceptable fonts from primary option to the minimum type requirement. Oblique versions of Oswald are also acceptable given the intent. Any special typeface requests that are not outlined here must be sent to the marketing department. Italic/oblique versions of the typeface are also acceptable where necessary. This may not apply to certain visual content such as custom artwork, yet even so, these typefaces must be adhered to as much as possible.

OSWALD (Primary typeface - Headlines & Subheadings)

Font Stack: Oswald, Roboto, Arial, Sans Serif

Heavy	ABCDEFGHIJKLMNOPQRSTUVWXYZ abcdefghijklmnopqrstuvwxyz 01234567890 (.,:;!@#\$%&*)	Light	ABCDEFGHIJKLMNOPQRSTUVWXYZ abcdefghijklmnopqrstuvwxyz 01234567890 (.,:;!@#\$%&*)
Medium	ABCDEFGHIJKLMNOPQRSTUVWXYZ abcdefghijklmnopqrstuvwxyz 01234567890 (.,:;!@#\$%&*)	Extra Light	ABCDEFGHIJKLMNOPQRSTUVWXYZ abcdefghijklmnopqrstuvwxyz 01234567890 (.,:;!@#\$%&*)

Roboto (Secondary Typeface - Body Copy & Annotations)

Font Stack: Roboto, Arial, Sans Serif

Black	ABCDEFGHIJKLMNOPQRSTUVWXYZ abcdefghijklmnopqrstuvwxyz 01234567890 (.,:;!@#\$%&*)	Medium	ABCDEFGHIJKLMNOPQRSTUVWXYZ abcdefghijklmnopqrstuvwxyz 01234567890 (.,:;!@#\$%&*)
Bold	ABCDEFGHIJKLMNOPQRSTUVWXYZ abcdefghijklmnopqrstuvwxyz 01234567890 (.,:;!@#\$%&*)	Light	ABCDEFGHIJKLMNOPQRSTUVWXYZ abcdefghijklmnopqrstuvwxyz 01234567890 (.,:;!@#\$%&*)

LOGO USAGE EXAMPLES

All public stationary materials such as business cards, letterheads, fax sheets, envelopes and/or sales brochures that can be found in various digital spaces such as MyABC site, the Public drive or directly requested from the marketing department.

Example of logo use in a print media (promotional flyer).
