Global Quality Policy

The TI Automotive Commitment

The TI Automotive Commitment

Built on world-class processes and standards, driven by continuous improvement, and delivered by great people – every product, every day

Pillars of our Quality Commitment

- **Relentless pursuit of customer satisfaction** to maintain our position as supplier of choice
- **Strong global standards and processes** in everything we do – from concept through to post-production
- **Continuous improvement** embedded in our culture
- **Zero defect mindset** – we will not accept, build or ship a defect
- **Strict compliance** with all customer, industry, legal and regulatory requirements
- **Sustainable delivery** across our value chain, maximizing efficiency and minimizing waste
- **Accountability** through empowering and engaging our people

Quality comes as standard at TI Automotive
