

We are pleased to announce that ABC Technologies has been awarded the GM Supplier Quality Excellence Award 2018 from General Motors de Mexico. Congratulations to the ABC team in Mexico for creating and sustaining stability and excellence within an ABC plant. Thank you to our global ABC team for their support and efforts towards this achievement. The General Motors Supplier Quality Excellence Award is given to a shortlist of manufacturing facilities and only top performing suppliers are eligible to receive it, those that maintain a high level of program management, on-time delivery, customer satisfaction and product quality excellence.
